

CPT® ↔ ICD-9-CM Vol 1 Crosswalk

Get Started: Enter your CPT® code (series 10000-90000) or valid ICD-9 vol 1 code (complete, not truncated code) in the appropriate box below. Get top ICD-9-CM or CPT® codes submitted on Medicare and private payer claims.

Tip: While matching ICD-9 and CPT® code links can reduce denials and may indicate medical necessity for the CPT® code, never choose an ICD-9 code just to get paid; documentation must support the diagnosis.

Enter:

CPT® Code

or

ICD-9 Vol 1 Code

CPT Code: 90281

Code descriptor: Immune globulin (Ig), human, for intramuscular use
